

The keystone jack (module) is a standardized snap-in female connector for mounting a variety of low voltage electrical jacks into a patch panel, the rear has an IDC (tool-less) cable connection type for ease of installation.

## PRODUCT CODE

**RJ45-KJ-CAT6** / RJ45 UTP Cat.6 Keystone Jack

**RJ45-KJ-CAT5** / RJ45 UTP Cat.5e Keystone Jack

## TECHNICAL FEATURES

HEIGHT	19 MM
WIDTH	19 MM
DEPTH	31 MM
CONTACTS	8 CONTACTS - RJ45
CABLES	AWG 22 - 26
COLOR CODE	T568A T568B SCHEMES
DURABILITY	750 SOCKET INSERTS - 25 TERMINATION CYCLES
ELECTRICAL COMPATIBILITY	250 MHZ
MATERIAL	ABS
