

The Pigtail is a 900  $\mu\text{m}$  diameter fiber optic cable, connectorized on only one of the two ends. Depending on the needs, the Pigtail can be provided in different colors, different cable lengths and different types of connectors.

### PRODUCT CODE

**PT-1-LCA-SM-C-09-L-WH-200** / Pigtail LC/APC G657-A1, guaina 900 $\mu\text{m}$  - Bianca 2 MT LSZH easystrip

**PT-1-LCP-SM-C-09-L-WH-200** / Pigtail LC/PC G657-A1, guaina 900 $\mu\text{m}$  - Bianca 2 MT LSZH easystrip

### TECHNICAL FEATURES

|                        |                                           |
|------------------------|-------------------------------------------|
| FIBER TYPE             | SM-9/125 ITU-T G657 A                     |
| CABLE DIAMETER         | 900 $\mu\text{m}$                         |
| EXTERNAL JACKET        | LSZH                                      |
| TYPICAL INSERTION LOSS | 0,15 dB                                   |
| TYPICAL RETURN LOSS    | PC: >50dB - APC: >65dB                    |
| MINIMUM BENDING RADIUS | 15 mm x $\varnothing$ att. $\leq$ 0,03 dB |
| TRACTION RESISTANCE    | 5 N att. $\leq$ 0,01db/km                 |
| WORKING TEMPERATURE    | -25°C/+70°C                               |
