

Quick release reducers are needed to connect two microtubes with different external diameters, they have tensile strength and pressure resistance. These characteristics make them perfectly performing during the use of cable blowing machines.

PRODUCT CODE

BRE 14-12/10MM / 12-14 mm Ducts

TECHNICAL FEATURES

MATERIAL	Polycarbonate
BLOCKING SYSTEM	POM, with steel teeth
MATERIAL O-RING	O-RING Nitrile
BLOWING PRESSURE	16 bar @ -20 / +50 °C
BREAKING PRESSURE	> 26 bar
GAS SEAL	Leackage 16 bar: ~1ml/minute – Leackage a 0,7 bar: ~0,1ml/minute
WATER RESISTANCE	Up to 6-meter water column
INSERTION FORCE	50 N max (5kg)
TENUTA	125N min microdotti 10mm
RIDUTTORI	Diametro Esterno/Diametro Interno: 14/12 - 12/10mm
